

INDIANA (IN)

Prismatic panel

Indiana is available with PIR sensor fitted

Recessed modular fittings for T5 lamps with louvre or TP(a)/TP(b) rated prismatic controller.

APPLICATIONS

- Offices and meeting rooms
- Reception areas and retail

SPECIFICATION

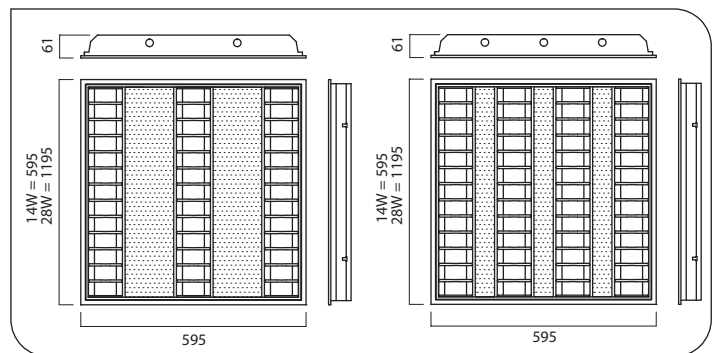

- For T5 lamps. Supplied excluding lamps
- European brand ENEC control gear
- For 15-24mm exposed T ceilings
- Specular double parabolic louvre or prismatic controller

CONSTRUCTION

- Robust steel body
- White gloss powder coated finish

OPTIONS

- **Sensors.** Louvered versions available with PIR sensor fitted. Add suffix PIR (on/off) or PIRD (dimming) as required.
- **Emergency.** Maintained 3 hours available. Add suffix M3.
- **Prismatic panels.** Tp(a) and TP(b) panels available, use suffix TPA or TPB. On M3 versions TP(b) is not available.
- **Dimming.** Add suffix 1-10, DSI, DA, SD or CF as required.
- **Rear reflectors.** Louvered versions available with rear reflector for greater output. Add suffix RR.
